

A Superior Way of Recycling for Superior Residents

Recycling in Superior is as easy as 1, 2, 3...

- 1. Recycling Pick-up** – Your blue-lid recycling cart should be placed next to your garbage cart. No change will be made to your recycling schedule. On your scheduled recycling day, every other week, both your carts will be picked-up **in the SAME location**. There will be no change in your garbage pick-up schedule. Recycling containers must be out by 6 a.m. or the night before your pick-up day. If you are still using a bin system, your bin should be placed next to your garbage cart.
- 2. Single Stream Recycling** – Our Superior Recycling Program is a Single Stream Recycling program. Simply place all your acceptable recycling materials into the recycling container including: clean glass, cans and plastic (co-mingled products) along with newspaper, paper bags, discarded mail, magazines, cereal boxes and cardboard (paper/fiber products). **DO NOT BAG items with plastic or paper bags**, just place materials in container. **NO PLASTIC BAGS will be accepted**, they cannot be recycled. NOTE: If you are recycling a large volume of CARDBOARD, please cut and flatten, then place next to the recycling container.
- 3. Three-feet from Garbage Cart** – As the photo shows, you need to place your recycling cart at least three-feet apart from your garbage cart.

To get started, we've delivered a standard 65 gallon cart to the front of your residence. Carts are numbered to correspond with the home address. Your blue-lid recycling cart should be placed next to your garbage cart on your recycling day.

For those who need a smaller or larger option, call us and we'd be happy to provide you with a more appropriate size cart.

If you prefer to continue using your bin, that's okay too. Just let us know with a telephone call. If you choose to use a cart, your existing recycling bin can not be recycled. We encourage you to find a new use for the bin to keep it from going into the garbage. Please do not put it into the new blue-lid recycling cart.

Recyclables

Wouldn't it be nice if everything we disposed of could be recycled? Unfortunately, that is not the case. However, we are pleased to provide a recycling center that maximizes the sorting of materials that can be recycled into many things that are used again and minimize filling up landfill and dump sites.

Hartel's / DBJ will collect the following recyclable items:

- Paper/Fiber Products** – newspaper (including all inserts), magazines, catalogs, telephone books, office/computer paper, shredded paper, envelopes, mail, chipboard/paperboard (like cereal boxes) and corrugated cardboard (see information above regarding flattening).
- Plastic Products** – bottles and containers with #1 or #2 on the bottom (remove all caps and pumps, and place in garbage). **NO PLASTIC BAGS will be accepted, they cannot be recycled.**
- Glass** – bottles and jars, clear, brown, and green colors are accepted (remove caps and lids and place in garbage). **NO BROKEN glass will be accepted.**
- Metal** – tin and aluminum food or beverage containers are recyclable, as well as empty aerosol cans (please remove plastic tips).

NOTE: All items **MUST BE RINSED CLEAN** for recycling. Please flatten when practical.

We CANNOT recycle the following items:

- plastic bags
- plastic film/wrap
- styrofoam
- packing peanuts
- light bulbs
- mirrors
- window glass
- ceramics
- ovenware
- dishes
- pots and pans
- drinking glasses
- scrap metal
- scrap wood
- hangers
- oil/antifreeze containers
- NO dirty/greasy pizza boxes
- food waste
- paper towels
- paper plates

NOTE: It is your responsibility to care for your cart. If your cart is lost, stolen, or damaged, it is the responsibility of the resident or tenant using the cart to contact us for replacement as soon as possible. A replacement charge could apply. *Thank you.*
